## PROFESSIONAL SUMMARY

Enthusiastic about launching my career in data analytics. I am focusing my expertise on data analytics tools such as Python, SQL, Power BI, and Excel. Equipped with a solid understanding of databases and data manipulation techniques, I am eager to apply these skills in practical scenarios. I am actively seeking opportunities where I can leverage my analytical mindset and passion for transforming data into valuable insights, aiming to contribute effectively to a data-driven team environment.

## SKILLS

- **Programming Languages:** Java (knowledge of JVM architecture).
- **Computer Fundamentals:** Data Structure and Algorithm (DSA), Object Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems.
- **Databases:** MySQL, SQL.
- **Tools:** Git, GitHub, Power BI, Excel, Tableau, Mongo DB, Snowflake.
- **Operating System:** Windows, Linux (Proficient in command-line interfaces)

## EDUCATION

**Bachelor of Engineering (Information Technology)**     *June 2020 -May 2024*
Smt Kashibai Navale College of Engineering, Pune     **CGPA 8.6/10**

**Class 12$^{th}$ - HSC**     *June 2019 – May 2020*
J.R.Sapat Arts and Science Junior College, Nashik     **Percentage – 67.5%**

**Class 10$^{th}$ - SSC**     *June 2017 – May 2020*
M.S.Kothari Academy.     **Percentage – 81.8%**

## PROJECTS

**File Packer Unpacker**     *October 2023 - October 2023*
- Developed a tool for process monitoring and data consolidation from multiple files.
- Implemented file merging and extraction functionalities.
- As well as we can also extract all files whenever required.
- **Tech Stack:** Java
- **Platform Required:** Windows NT or Linux

**Chat Application**     *August 2023 - September 2023*
- Created a client-server chat application for real-time communication between two users.
- Utilized socket programming techniques to enhance communication efficiency.
- **Tech Stack:** Java
- **Platform Required:** Windows NT or Linux

**Web Browser**     *July 2023*
- A basic multi-window web browser. Responsible for creating new windows, maintaining a list of currently open windows.
- The Application ends when all windows have been closed. The windows are of type Browser Window.
- **Tech Stack:** Java
- **Platform Required:** Windows NT or Linux

## INVOLVEMENTS

- Actively participated in college technical events,developing organizational and project management skills.
- Contributed to community service through participation in blood donation camps.
- Competed in various project competitions such as Super-X, showcasing technical skills.

## CERTIFICATIONS

- Certified in Java Date Structures and Algorithms (Core2Web)
- Certified in SQL (HackerRank)
- Continuously expanding skills through online courses and certifications in data analytics.
